YOUR RESPONSIBILITIES:

To further strengthen our IP team, we are looking for a European Patent Attorney for the following tasks:

- In close collaboration with the R&D department, identify new inventions and convert these into registered IP rights, incl. responsibility for examination and granting procedures at the patent offices (EP, US, KR, CN, JP).
- Defense of own patents in oppositions/invalidation procedures and attack of 3rd party IP rights, in particular in Korea and China..
- Ensure freedom-to-operate for new products for the international market, including identification of potential risks and implementation of appropriate counter-measures.
- You are keen to become an expert in the field organic electronics (OLEDs, photovoltaics, photodetectors, etc.) if you are not yet familiar with the topic.

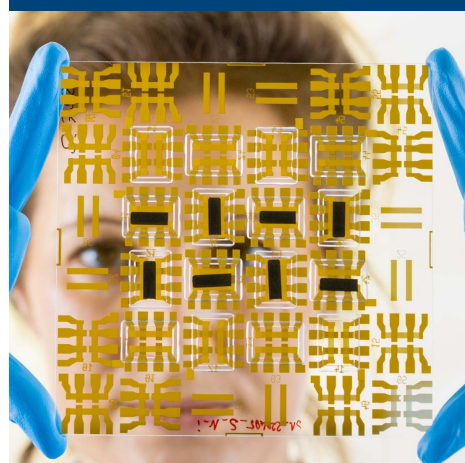

YOUR PROFILE:

- University degree in chemistry, ideally with a focus on organic and/or organometallic chemistry.
- Fully qualified European, US, Chinese, or Korean patent attorney or you are about to complete the exams.
- Ideally, you have hands-on experience in international patent law.
- You are proficient in communicating complex legal and technical issues in a clear, concise and comprehensive manner, face-to-face and in written communication.
- You display a high degree of responsibility, integrity, and reliability. You work in a structured and accurate manner and you have a strong hands-on approach
- You display a high degree of responsibility, integrity, and reliability. You work in a structured and accurate manner and you have a strong hands-on approach.
- Fluency in English (verbally and in writing) is essential. German skills are desirable. Proficiency in MS Office is required. Basic knowledge of Korean or Chinese is an advantage, but not a requirement.

The position is available **immediately**. The working hours are **40 hours per week**. Please indicate your availability and salary expectations (gross annual salary) in your application

WE OFFER:

You can expect a modern workplace and comprehensive training from your team. In addition to exciting and varied work in an international environment, you will benefit from 30 days of vacation and additional pay, which is paid from the 7th month of employment. You can use this individually, e.g., for childcare subsidies, recreation allowances, fitness centers, job tickets, and other offers. We also place great emphasis on further training – we would be happy to

We also offer a discounted lunch every day in our own company restaurant (at least one vegetarian dish per day), free hot and cold drinks, joint events such as summer parties, sporting events, team events, and Christmas parties. At least one large event per year takes place with the entire family.

We look forward to receiving your application!
