## PATENT ANALYST

### Organic Chemistry (M/F/D)

Full-time / Unlimited Position / Flexible Working Time

Novaled GmbH is the world's leading supplier of specialist chemicals for use in organic light-emitting diodes (OLEDs). Novaled's products can be found in most AMOLED displays, including smartphones, tablets, TVs and smartwatches. Novaled's main shareholder is Samsung SDI.

#### YOUR RESPONSIBILITIES:

To further strengthen our IP team, we are looking for a Patent Analyst (m/f/d) with the following responsibilities:

- In close collaboration with the R&D team, conduct patentability searches for new R&D projects and potential new products and provide advice on patentable matter.
- Systematically analyze 3rd party IP portfolios and advise R&D on future development directions.
- Monitor competitors' IP activities and prepare monthly newsletters for R&D.
- You are keen to become an expert in the field organic electronics (OLEDs, photovoltaics, photodetectors, etc.), if you are not yet familiar with this topic.

#### YOUR PROFILE:

- You have a university degree in chemistry, ideally with a focus on organic and/or organometallic chemistry.
- You have at least 2 years relevant professional experience in patentability searches for chemical compounds.
- Experience in analysis of complex patent landscapes is an advantage.
- You combine strong interpersonal, analytical and problem-solving skills with a team-oriented, pragmatic mindset. You work proactively and independently, take a hands-on approach, and maintain a high level of accuracy in all tasks.
- You are proficient in SciFinder, PatBase (or similar databases), and MS Office.
- You are fluent in spoken and written English. Basic knowledge of German is desirable; Korean or Chinese would be an advantage, but is not required.

The position is to be filled **immediately**. The hours are **40 hours per week**. Please state your **availability** and **salary expectations** (gross annual salary) in your application.

#### WE OFFER:

A modern workplace and comprehensive introductory training for all new employees. In addition to an exciting and varied job in an international environment, you will benefit from 30 days' holiday and a supplementary allowance, which is paid from the 7th month of employment onwards. You can use this allowance individually, e.g. for a kindergarten allowance, recreation allowance, fitness center, job ticket and other offers. We also attach great importance to the topic of further professional training - let's talk about your ideas and wishes. You can work up to 50% of your monthly working hours on a mobile basis by arrangement.

events, e.g. summer party, sports events, team event and Christmas party. At least one major event per year is open to the whole family.

We look forward to receiving your application!
